Glenfield Intermediate School

SCHOOL DONATION:

The Board of Trustees has sought to keep all fees to a minimum and remind parents that although they are not compulsory, a contribution from each family towards costs incurred will enable the school to continue offering the wide variety of activities that we currently offer our pupils. The decile-based Government funding we receive annually provides only for core activities, therefore parent donations contribute significantly to support teaching and learning.

Please note that this donation is separate to the Technology/Specialist Fees

School Donation (*per year per child*) \$100

(Note: The fee for two children Second child \$75 for donation, for third child \$50 for donation)

Allowance is made for cases of genuine hardship, details of which should be communicated in confidence to the Principal. If you cannot afford a one-time payment, you are very welcome to pay it off over the year by an Automatic Payment. An Automatic Payment form is included in this pack. Remember the School Donation payment can be claimed as donations on your tax return.

TECHNOLOGY FEE:

The Board of Trustees have set the Specialist Art and Technology Fees at \$140 for the 2019 school year. This fee covers the take home component that your child will use throughout the year in, Visual Arts, Food and Materials Technologies. **Please note that this Fee is separate to the School Donation.**
