

Glenfield Intermediate School

Bring Your Own Device Agreement

Glenfield Intermediate has wireless coverage across the school. We are therefore able to offer a Bring Your Own Device facility to all of our students. This means that students are able to bring wireless enabled mobile devices to school and use them as a learning tool in all areas of the curriculum. In every classroom we provide a secure cupboard or safe so that all devices can be kept safe. It is expected that if your child brings a device to school, this will be covered under your personal home contents insurance as Glenfield Intermediate cannot be responsible for any theft or damage if the device has not been stored securely at school.

We are mindful of the cost to parents of providing each child with a mobile device. Please be assured that it is not compulsory to do so and we are constantly reviewing our technology provision in school. Every classroom has technology options available for students to use at specified times of the week. That said, we do encourage all of our families to consider a mobile wi-fi device for their child.

Please see the attached information about what to consider before buying a device. We recommend a chromebook or laptop, but students can bring any device they wish.

If your child will be bringing a device to school, please complete the permission form attached and return it to their classroom teacher. It is expected that each device your child brings to school is listed on the form below including, chromebooks, tablets and laptops. If the attached form is not returned to school with the details of all the devices they intend to bring to school they will not be allowed that device. If your child is found using their device inappropriately they will have their device removed from them and a parent/caregiver will need to come and collect it from school.

Examples of why your child's device could be removed:

- Cyber Bullying
- Inappropriate language
- Accessing inappropriate sites – facebook, instagram, snapchat, skype etc.
- Messaging during school time

Please complete and return to the School Office

I _____ give permission for _____ of Room _____ to bring the following mobile devices to Glenfield Intermediate School to use in support of their learning:

Device 1:

Make and Model _____ Serial Number _____

Device 2:

Make and Model _____ Serial Number _____

Device 3:

Make and Model _____ Serial Number _____

- I will support the school policy around the use of the device
- I understand that the school cannot take responsibility for loss or damage to the device when it is not held in secure storage
- I understand that it is the responsibility of my child to transport the device to and from school in a safe manner
- I agree that at any time, should the device or Internet be used inappropriately by my child, the school has the right to ask that the device be kept at home and to take away Internet access rights as deemed necessary

Signed _____ Relationship to Child _____

Date _____
